

A. Ahlström Kiinteistöt invests in a real estate project for Cramo

The new headquarter and hub of Cramo Finland Oyj, will be constructed in Åby area in Vantaa, and is implemented as a joint venture with A. Ahlström Real Estate Ltd. and Terrieri Kiinteistöt Ky. fund, administered by Fennia, as the investors. Jatke Oy is the contractor in the project.

“A. Ahlström Real Estate Ltd. is a long-term investor, who invests in office properties in Helsinki metropolitan area and in growth centres. This investment fits to our investment criteria. Through a joint venture project, we have access to larger entities. Collaboration has been working well with both Fennia and Jatke”, says Pia Lindborg, real estate director at A. Ahlström Real Estate Ltd.

In total, the facility covers around 23,000 m² and all Cramo Finland Oy’s operations in the Helsinki metropolitan region will move into these new business premises. The construction work has started, and the project will be completed in spring 2021.
